Professional Summary

Dedicated and enthusiastic Computer Science Engineering student with a strong foundation in programming, web development, database and data analytics. Seeking an opportunity to apply technical knowledge, problem-solving abilities, and leadership skills in a dynamic organization while continuously learning and contributing to impactful projects.

Education

Institute of Technology and Management, GIDA **2023 – 2027**
Bachelor of Technology in CSE — CGPA: 7.86 (up to 5th Sem) *Gorakhpur, Uttar Pradesh*

Metropolitan School **2023**
Class XII — Percentage: 68.6% *Gorakhpur, Uttar Pradesh*

Metropolitan School **2021**
Class X — Percentage: 88.8% *Gorakhpur, Uttar Pradesh*

Technical Skills

Languages: C, C++, Java, Python, SQL

Web Development: HTML, CSS, JavaScript

Data Analytics: Pandas, NumPy, Microsoft Excel, Data Cleaning, Exploratory Data Analysis (EDA), Data Visualization, Basic Statistics

Developer Tools & Concepts: Git, GitHub, VS Code, Data Structures & Algorithms, DBMS

Experience & Internships

Cognifyz Technologies – Web Development Intern (Remote) **Oct 2025 – Nov 2025**

- Developed responsive frontend layouts using HTML, CSS, and JavaScript to enhance cross-device navigation.
- Optimized UI, leading to a 15 percent improvement in page loading speed.

Projects

Student Performance Analysis (*Python, Pandas, NumPy, Excel, Matplotlib*)

- Collected, preprocessed, and cleaned student academic data using Python libraries to ensure data integrity for evaluation, followed by performing Exploratory Data Analysis (EDA) and building targeted Matplotlib visualizations to identify hidden performance trends and grade distributions.

Resume Builder (*HTML, CSS, JavaScript, Python*)

- Developed a web-based application enabling users to build structured professional resumes through an intuitive form interface, implementing dynamic layout formatting and using Python for efficient user-input processing.

Hotel Management System (*HTML, CSS, JavaScript*)

- Designed and built a responsive hotel management platform showcasing room details and booking systems, utilizing interactive frontend JavaScript logic to streamline navigation and elevate user experience.

Certifications

- **Deloitte** – Technology Virtual Experience Program (Forage)
- **Tata** – GenAI Powered Data Analytics Virtual Experience Program (Forage)
- **GeeksforGeeks** – Full Stack Developer Bootcamp (Master Frontend to Backend)
- **GeeksforGeeks** – Java Skill Up Certification

Achievements & Leadership

- Participated in the **Smart India Hackathon (SIH)**, collaborating with a team to build innovative tech prototypes.
- Competed in **UHACK 4.0** organized by United Group of Institutions, demonstrating fast-paced prototyping.
- **Academic Leadership (Class Representative):** Serving as Class Representative (CR); managing communication between students and faculty while driving academic engagement.
